Course Change Proposal Submitted to the Curriculum Committee of the College of Science

1. COURSE NUMBER AND TITLE:

GGS 410 – Introduction to Hyperspectral Imaging

2. CHANGE JUSTIFICATION:

This course has not been successfully taught since the creation of the GGS department. Attempts to list the course result in underenrollment (and lead to cancellation). While a similar course may be warranted at some point in the future, we can de-list this course and use a special topics number as we attempt to find the best path forward.

Approved by the GGS Curriculum Committee on Sept 8, 2015. Approved by GGS Department on October 14, 2015
