Degree(s):

School(s):

Catalog

Description:

Introduction to structure and function of body's major organ systems. Note: must be taken in sequence. Does not satisfy the natural science requirement in COS or CHSS. Course requires use of organisms. Not available for Biology elective ~~major~~ credit.

Justification:

What: Adding the "I" to indicate that this is the first of a series and removed wording about about taking this course as an elective.

Why: Clarified the title of the course (this is the first part of a two-part sequence); made it clearer that this course cannot be taken for biology elective credit.

Does this course cover material which crosses into another department? No

Learning Outcomes:

Will this course be scheduled as a cross-level cross listed section?
