(Updates only):**

Registrar's Office Use Only - Registration Restrictions:

Field(s) of Study:

Class(es):

Level(s):

Degree(s):

School(s):

**Catalog
Description:**

Introduction to structure and function of body's major organ systems. Notes: Does not satisfy the natural science requirement in COS or CHSS. Course requires the use of organisms. Not available for Biology elective ~~major~~ credit.

Justification:

What: Changed course title to more accurately reflect course material and removed wording about biology elective.

Why: Clarified that this is the second part of a two-part sequence; clarified that this course doesn't count as a biology elective.

Does this course cover material which crosses into another department? No

Learning Outcomes:

Will this course be scheduled as a cross-level cross listed section?
