GGS 101 DL2: Major World Regions

This course is offered in a **compressed time frame**, spread over a 7-week period.

**Spring Semester 2019**

GGS 101 DL2 fulfills Mason Core requirement in Global Understanding

**Instructor:** Patricia Boudinot

**Email:** pboudino@gmu.edu

I am available between Sunday at 7 pm through Friday at 7 pm to respond to student inquiries and during this five day period, I will try my very best to respond within 24 hours.

**Office Hours:** by appointment, via Skype

**Teaching Assistant:** TBA

**Email:** TBA

**Honor Code:** “Students members of the George Mason University community pledge not to cheat, plagiarize, steal and/or lie in matters related to academic work.”

In this course, you are not to:

- Access sources/information during an on-line exam/quiz
- Give help or information/work to a friend/classmate

[Read the Honor Code for a list of definitions and examples](#)

**Content:** Emphasis will be made on areal differentiation and the role geographic differences play in the interpretation of the current world scene (from the George Mason University Catalog 2010-2011).” In the changing world, this course will encourage students to make important connections across boundaries.

**Course Prerequisites:** There are no formal prerequisites.
**Learning Outcomes:** At the end of the course, the student will be able to:
1. Understand spatial awareness by using appropriate geographic tools
2. Describe and then explain a geographic document such as map/photograph/chart.
3. Identify, evaluate, and properly cite resources appropriate to the field.
4. Understand the global patterns.
5. Understand the interconnectedness, difference, and diversity of a global society.
6. Analyse global problems and/or issues.
7. Build an international trip project using Google Earth.

**Required Textbook:**

Major World Regions by H.J. De Blij, Peter O. Muller and Jan Nijman, Wiley Edition
Please note that this textbook can only be found at the GMU bookstore as it is a custom textbook.

The information in this custom textbook is originally from *Geography; realms, Regions and Concepts, 16th edition* by H.J. De Blij, Peter O. Muller and Jan Nijman, Wiley Edition

**Learning Community:**

In this online course, each week opens on Tuesday.

Each week offers two sessions: one on Tuesday and one on Thursday

Each week session is structured as follows: readings in the textbook, video lectures and assignments.

**Working online requires dedication and organization. Students must check their GMU email messages on a daily basis and communicate any questions or problems that might arise promptly.**

**Netiquette**

In our online learning community, we must be respectful of one another. Please be aware that innocent remarks can be easily misconstrued. Sarcasm and humor can be easily taken out of context. When communicating, please be positive and diplomatic. I encourage you to learn more about [Netiquette](#).
Important dates:

First day of class: Tuesday January 22, 2019

Last day to add classes: Tuesday January 29, 2019

Last day to drop with no tuition penalty: Tuesday February 5, 2019

Performance-based Assessments

You will be evaluated by the tasks which appear below.

I expect all students to submit all the assignments on time as this is a no late submission policy distance education course: any missing assignment will be graded as zero.

Please plan ahead and mark your calendar.

Course orientation quiz

Please review the syllabus.

The course orientation quiz which will be offered as soon as on Tuesday/Week 0, and it is due no later than Thursday/Week 2 at 11:59 pm.

The course orientation quiz will last 15 minutes, will display eight questions: each question, worth .25 point, will be multiple choice or True/False.

Two attempts are offered and the higher grade will be recorded

Test

Three tests are scheduled this Semester.

For each test, one attempt is offered

Each test will last 55 minutes, will display thirty four questions (including two extra credit questions): each question, worth .5 points, will be multiple choice or True/False.

Each of the three tests will open on Friday at 6 am and will close the following Monday no later than 11:59 pm.

Please understand that all materials will be used to generate questions: textbook readings and other items appearing in the reading assignments, close-captioned video lectures and exercises.
Exercise

Five exercises are scheduled this Semester.

For each exercise, one submission is offered

Each exercise will open either on Tuesday (Week/Session 1) at 6 am or on Thursday (Week/Session 2) at 6 am and will close the following Monday at 11:59 pm.

Discussion

Two Discussions are scheduled this Semester.

Discussions will open on Blackboard on Thursday at 6 a.m. and it will close the following Monday at 11:59 pm.

There are two mandatory steps to completing the Discussion

Step 1: submit your initial post.

Step 2: read your classmates’ posts and reply to four of them

Please note that in your own words you will write your initial post and your four replies: they will be accurate, will range between 50 to 60 words, and will be supported by full sentences.

I expect the students to enter the discussion on two different days or at least 24 hours apart.

Please let me give you an example: if a student enters a discussion on Saturday at 11;50 pm and finishes posting and replying the following Sunday at 1 am, I will consider this as a non respect of the requirement and I will deduct 20% of the discussion grade.

Final Project

You will build a one week trip either in South America or in East Asia. The description of the Final Project can be found in the “Syllabus and Documents”. Please read it carefully. There are two mandatory steps to completing your Final Project.

1. Step 1/ Week 5/Session 1: submit Final Project Destination (either South American or East Asian), submit your geographic explanation and submit your complete Final Project bibliography (sources from where you will get your information to complete your project).

2. Step 2: submit your Final Project no later than Monday March 11, 2019 at 11:59 pm
For each of the Final Project Steps, one submission is offered.

Please note that all the times are EST (Eastern Standard Time)

STUDENTS ARE EXPECTED TO PARTICIPATE IN ALL ACTIVITIES.

Grading Percentage

<table>
<thead>
<tr>
<th>Percentage</th>

Grade cutoffs

A 90% – 100%
B 80% - 89.99%
C 69% - 79.99%
D 60% - 68.99%
F less than 60%

In order to be fair to all students, the grade cutoffs above will be FULLY respected. If a student sends me an email requesting an individual extra credit in order to increase her/his grade, either I will not reply or I will reply in order to let the student know that I do not accept.

Schedule:

Please note that the page numbers in the "reading assignments" refer to the page number appearing at the bottom of the page in your textbook.

Final Project

Final Project is due no later than Monday March 11 at 11:59 pm

Please note that the Final Project is due no later than the first day of Spring Break.

The Final Project submission will open on Tuesday March 5 at 6 am and I expect all the students to submit it no later than Monday March 11 at 11:59 pm.

If you have a Spring Break travel plan, either you submit before your departure or you submit from your planned destination where there is a very reliable internet connection.

Technology Requirements

Hardware:

You will need access to a Windows or Macintosh computer with at least 2 GB of RAM and to a fast and reliable broadband internet connection (e.g., cable, DSL). A larger screen is recommended for better visibility of course material. You will need speakers or headphones to hear recorded content and a headset with a microphone is recommended for the best experience. For the amount of Hard Disk Space required to take a distance education course consider and allow for:

1. the storage amount needed to install any additional software and
2. space to store work that you will do for the course.

If you are considering the purchase of a new computer, please go to http://itservices.gmu.edu/services/services-students.cfm to see recommendations.

Software:

This course uses Blackboard as the learning management system. You will need a browser and operating system that are listed compatible or certified with the Blackboard version available on the myMason Portal. See supported browsers and operating systems. Log in to myMason to access this course.

Access to a Computer Workstation with:

Web browser (See Blackboard supported browsers and operating systems)

Adobe Acrobat Reader (free download)
Flash Player ([free download](#))

Windows Media Player ([free download](#))

Microsoft Office Word ([purchase](#))

Note: If you are using an employer-provided computer or corporate office for class attendance, please verify with your systems administrators that you will be able to install the necessary applications and that system or corporate firewalls do not block access to any sites or media types.

**Student Expectations**

Academic Integrity
Students must be responsible for their own work, and students and faculty must take on the responsibility of dealing explicitly with violations. The tenet must be a foundation of our university culture. [See http://academicintegrity.gmu.edu/distance](http://academicintegrity.gmu.edu/distance).

Honor Code
Students must adhere to the guidelines of the George Mason University Honor Code [See http://academicintegrity.gmu.edu/honorcode](http://academicintegrity.gmu.edu/honorcode).

MasonLive/Email (GMU Email)
Students are responsible for the content of university communications sent to their George Mason University email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account. [See https://thanatos.gmu.edu/masonlive/login](https://thanatos.gmu.edu/masonlive/login).

Patriot Pass
Once you sign up for your Patriot Pass, your passwords will be synchronized, and you will use your Patriot Pass username and password to log in to the following systems: Blackboard, University Libraries, MasonLive, myMason, Patriot Web, Virtual Computing Lab, and WEMS. [See https://thanatos.gmu.edu/passwordchange/index.jsp](https://thanatos.gmu.edu/passwordchange/index.jsp).

Responsible Use of Computing
Students must follow the university policy for Responsible Use of Computing. [See http://universitypolicy.gmu.edu/1301gen.html](http://universitypolicy.gmu.edu/1301gen.html).

Students with Disabilities
Students with disabilities who seek accommodations in a course must be registered with the George Mason University Office of Disability Services (ODS) and inform their instructor, in writing, at the beginning of the semester [See http://ods.gmu.edu](http://ods.gmu.edu).

Students are expected to follow courteous Internet etiquette

**Student Services**
University Libraries
University Libraries provides resources for distance students. [See http://library.gmu.edu/distance].

Writing Center
The George Mason University Writing Center staff provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing. [See http://writingcenter.gmu.edu]. You can now sign up for an Online Writing Lab (OWL) session just like you sign up for a face-to-face session in the Writing Center, which means YOU set the date and time of the appointment! Learn more about the Online Writing Lab (OWL) (found under Online Tutoring).

Counseling and Psychological Services
The George Mason University Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students' personal experience and academic performance [See http://caps.gmu.edu].

Family Educational Rights and Privacy Act (FERPA)
The Family Educational Rights and Privacy Act of 1974 (FERPA), also known as the "Buckley Amendment," is a federal law that gives protection to student educational records and provides students with certain rights. [See http://registrar.gmu.edu/privacy].
