Section 5. Standing Committee Composition (from the Bylaws)

(a) Promotion and Tenure The Committee will consist of members of the tenured Faculty of the College. It will consist of appointed members from each department plus four at-large members which must be from different departments and who must be Full Professors. Members of this committee may not succeed themselves. (from the Standing Rules)

(b) Curriculum This committee will have representation from all Academic Departments who wish to appoint a member to it. No at-large members

(c) Grievance Committee — The Committee will consist of at least five (5) members of the tenured Faculty of the College. Members of this committee are elected by the Faculty, subject to the restriction that no more than one member shall be from a given department. NOTE: the term for this committee is now 3 years (4/28/11).

(d) Nominations Committee – This four (4) member committee will solicit nominations for all other committees, the Executive Council, and for the Faculty Senate. The slate of nominees that it compiles shall be presented to the Faculty (with the nominee's consent) during a meeting of the Faculty, at which time additional nominations may be made from the floor, with election carried out by a mail ballot. Nominations for the Nominations Committee itself can only come from the floor of a meeting of the Faculty. The term on this committee is two years, and members of this committee cannot be nominated by the committee to serve on other committees, although they may be so nominated from the floor of a meeting.
