All dissertation committees must consist of at least three members of the graduate faculty, at least two of who must be from the student's academic unit or program faculty. The committee consists of a dissertation chair, typically a graduate faculty member from the department or program of the student's field of study and at least two other members of the graduate faculty. Only a graduate faculty member with a full-time appointment at George Mason University may serve as dissertation chair. Other Mason faculty, as well as individuals from outside the university, may be appointed as additional members to the committee. Such appointments are made where the additional member's expertise and contribution add value to the dissertation, but appointment does not require graduate faculty status.
