**Course Approval Form**

**Action Requested:**
- [X] Create new course
- [ ] Inactivate existing course
- [ ] Modify existing course (check all that apply)
  - Title
  - Prereq/coreq
  - Credits
  - Schedule Type
  - Repeat Status
  - Restrictions
  - Other:
- [ ] Undergraduate
- [ ] Graduate

**College/School:** College of Science

**Submitted by:** Joseph A. DiZinno

**Department:** Forensic Science Program

**Ext:** 4985

**Email:** Jzizinn2@gmu.edu

**Effective Term:**
- [X] Fall
- [ ] Spring
- Year: 2016
- [ ] Summer

**Subject Code:** FRSC

**Number:** 541

**Title:** Forensic Chemistry Laboratory

**Credits:**
- [X] 1 Fixed
- [ ] Variable
- [ ] to

**Repeat Status:**
- Not Repeatable (NR)
- Repeatable within degree (RD)
- Repeatable within term (RT)
- Maximum credits allowed: 1

**Grade Mode:**
- [X] Regular (A, B, C, etc.)
- [ ] Satisfactory/No Credit
- Special (A, B C, etc. +IP)

**Schedule Type:**
- Lecture (LEC)
- Lab (LAB)
- Recitation (RCT)
- Internship (INT)
- Independent Study (IND)
- Seminar (SEM)
- Studio (STU)

**Prerequisite(s):** None

**Corequisite(s):** FRSC 540

**Restrictions Enforced by System:** Major, College, Degree, Program, etc. (include code)

**Equivalencies:** (check only as applicable)
- [ ] YES, course is 100% equivalent to:
- [ ] YES, course is being renumbered to/will replace the following:

**Catalog Copy for NEW Courses Only** (Consult University Catalog for models)

**Description** (No more than 60 words, use verb phrases and present tense)

This course will familiarize students with chemical knowledge gained from experimental observations and studies in the laboratory. Students will examine, test and establish for themselves the forensic chemistry discussed in the lecture courses.

**Notes** (List additional information for the course)

**Indicate number of contact hours:**
- Hours of Lecture or Seminar per week: [ ]
- Hours of Lab or Studio: 3

**Approval Signatures**

Department Approval

College/School Approval

If this course includes subject matter currently dealt with by any other units, the originating department must circulate this proposal for review by those units and obtain the necessary signatures prior to submission. Failure to do so will delay action on this proposal.

**For Graduate Courses Only**

Graduate Council Member

Provost Office

Graduate Council Approval Date

**For Registrar Office’s Use Only:** Banner: ___________________________ Catalog: ___________________________ revised 6/22/15
Course Proposal Submitted to the College of Science Curriculum Committee (COSCC)

The form above is processed by the Office of the University Registrar. This second page is for the COSCC’s reference. Please complete the applicable portions of this page to clearly communicate what the form above is requesting.

FOR ALL COURSES (required)
Course Number and Title: FRSC 54/Forensic Chemistry Laboratory

Date of Departmental Approval: 11/23/15

FOR INACTIVATED/REINSTATED COURSES (required if inactivating/reinstating a course)
- Reason for Inactivating/Reinstating:

FOR MODIFIED COURSES (required if modifying a course)
- Summary of the Modification:
- Text before Modification (title, repeat status, catalog description, etc.):
- Text after Modification (title, repeat status, catalog description, etc.):
- Reason for the Modification:

FOR NEW COURSES (required if creating a new course)
Reason for the New Course: Forensic Chemistry analysis plays an important role in forensic investigations. GMU Forensic Science Program graduate students are currently lacking instruction in this area and this course will provide valuable instruction/experience for GMU Forensic Science Program graduate students in the Forensic Chemistry Analysis Concentration.

Relationship to Existing Programs: The Forensic Chemistry Laboratory Course will be a core course requirement for the GMU Forensic Science Program graduate Forensic Chemistry Analysis Concentration and will also be offered as an elective course for the GMU Forensic Science Program, Forensic Biology Analysis and Crime Scene Investigation Concentrations.

Relationship to Existing Courses: The Forensic Chemistry Laboratory Course is a new course which significantly enhances the GMU Forensic Science Program graduate Forensic Chemistry Analysis Concentration as a core course and offers an elective course choice for students enrolled in the GMU Forensic Science Program, Forensic Biology Analysis and Crime Scene Investigation Concentrations.

Semester of Initial Offering: Fall 2016

Proposed Instructors: Assistant Professor Katherine Pettrigrew, Forensic Science Program
- Insert Tentative Syllabus Below
Forensic Chemistry Laboratory - FRSC 541 000

Instructor: Dr. Katherine Pettigrew  
Forensic Science Program  
George Mason University

E-mail: kpettigr@gmu.edu  
Telephone: (703) 993-4537  
Office: Exploratory Hall, Room 3405  
Office hours: Email to set up an appointment

Prerequisite or co-requisite: FRSC 540: Forensic Chemistry

Course Description: This course will familiarize students with chemical knowledge gained from experimental observations and studies in the laboratory. Students will examine, test and establish for themselves the forensic chemistry discussed in the lecture courses.

All laboratory handouts will be available on Blackboard the day before each class for you to download and print; the instructor will not bring copies of these handouts to class. The laboratory handouts will have fill in the blanks so you are required to attend class. In addition an attendance register will be taken in each class. Failure in attendance will result in pop quizzes for the entire class.

Student Responsibilities: Students will be responsible for reading the required material prior to each class and to be prepared for facilitated discussions. Class attendance and participation is essential in order to cover the course material with a breadth of understanding.
Research Paper
The student will conduct library based research on a topic related in some way to the field of forensic chemistry. The topic of study will be assigned by your professor. Papers should be 6-8 full pages in length, not including the title and reference pages.

Presentation
Students will be required to give an oral presentation on the topic covered in their research paper highlighting the salient points, using a single 3x5 card for limited guidance. The PowerPoint of the presentation is due ________ and is required to be 20 minutes in length.

Grading: The written research paper, oral presentation, 2 class quizzes, midterm exam and a final exam will determine your grade in this course.

- Attendance & Participation (10%)
- Class Quiz 1 (10%)
- Class Quiz 2 (10%)
- Research Paper (20%) & Oral Presentation (10%)
- Midterm Exam (20%)
- Final Exam (20%)

Note: The schedule is subject to change, please listen for announcements during class.

GMU Honor Code
The Honor Code states that all students "pledge not to cheat, plagiarize, steal, or lie in matters related to academic work."

Academic Integrity
GMU is an Honor Code university; please see the University Catalog for a full description of the code and the honor committee process. The principle of academic integrity is taken very seriously and violations are treated gravely. What does academic integrity mean in this course? Essentially this: when you are responsible for a task, you will perform that task. When you rely on someone else’s work in an aspect of the performance of that task, you will give full credit in the proper, accepted form. Another aspect of academic integrity is the free play of ideas. Vigorous discussion and debate are encouraged in this course, with the firm expectation that all aspects of the class will be conducted with civility and respect for differing ideas, perspectives, and traditions. When in doubt (of any kind) please ask for guidance and clarification.

GMU E-mail Accounts
Students must activate their GMU email accounts to receive important University information, including messages related to this class.

Important dates to remember
- Last day to add classes -
- Final drop deadline (67% tuition penalty) -
- Selective Withdrawal Deadline -

Office of Disability Services
If you are a student with a disability and you need academic accommodations, please see me and contact the Office of Disability Services (ODS) at 993-2474. All academic accommodations must be arranged through the ODS.

University Policies:
The University Catalog, http://catalog.gmu.edu, is the central resource for university policies affecting student, faculty, and staff conduct in university academic affairs. Other policies are available at http://universitypolicy.gmu.edu/. All members of the university community are responsible for knowing and following established policies.

University policy states that all sound emitting devices shall be turned off during class unless otherwise authorized by the Professor.
