YES, course is $100 \%$ equivalent to YES, course renumbered to or replaces

Catalog Copy (Consult University Catalog for models)

## Approval Signatures

Department Approval Date

If this course includes subject matter currently dealt with by any other units, the originating department must circulate this proposal for review by those units and obtain the necessary signatures prior to submission. Failure to do so will delay action on this proposal.

| Unit Name | Unit Approval Name | Unit Approver's Signature | Date |
| :--- | :--- | :--- | :--- |
|  |  |  |  |
|  |  |  |  |

## Undergraduate or Graduate Council Approval

## Course Proposal Submitted to the College of Science Curriculum Committee (COSCC)

The form above is processed by the Office of the University Registrar. This second page is for the COSCC's reference.
Please complete the applicable portions of this page to clearly communicate what the form above is requesting.

## FOR ALL COURSES (required)

Course Number and Title: NEUR 380

Date of Departmental Approval: December 2016

FOR INACTIVATED/REINSTATED COURSES (required if inactivating/reinstating a course)

- Reason for Inactivating/Reinstating:

Replacing this course with the new NEUR 480. The material in this class is quite advanced. It has been taught as a NEUR 461 (special topics) class for the last two years so that it can be cross listed as PSYC 592. As 592 it has been taken by graduate students in Psychology and in Community Health. It could attract more students if it were listed in the schedule of classes as a course on Alzheimer's disease, rather than as a special topics class. We are making the prerequisites more flexible as students in community health have also taken this course and may do so in the future.
