School(s):

Catalog Description:

Reviews spatial, policy, and administration principles that guide **urban** planning **activities** ~~activity~~ in **the** United States. Outlines differences between theory and **practice** ~~practice~~, and provides tools, methods, and perspectives commonly incorporated into **practice** ~~practice~~ of urban **planning** and ~~regional~~ policy analysis. ~~Provides orientation to public-sector economy in general; and urban administration, planning, and policy in particular.~~

Justification:

New title and description reflect the content of the course better.

Does this course cover material which crosses into another department?

No
