**FOR ALL PROGRAMS** (required)

Program Title: Mathematical Sciences, BS Degree

Date of Departmental Approval: 3/3/2017

**FOR INACTIVATED PROGRAMS** (required if inactivating a program)

- Reason for Inactivation:

**FOR MODIFIED PROGRAMS** (required if modifying a program)

- Summary of the Modification: The requested modification is to limit the number of grades below 2.0 to include both MATH and STAT courses that are applied to Math BS degrees. There are several STAT courses that Math majors can use as part of their Math degree. Currently there is no limitation on how many grades of 2.0 or below in STAT classes that Math students can apply to their graduation requirements.
- Text before Modification (title, degree requirements, etc.): A maximum of 6 credits of grades below 2.00 in coursework designated MATH may be applied towards the major.
- Text after Modification (title, degree requirements, etc.): A maximum of 6 credits of grades below 2.00 in coursework designated MATH or STAT may be applied towards the major.
- Reason for the Modification: The purpose of the modification is to ensure that Math majors cannot apply more than 6 credits of MATH or STAT course grades to their Math major.
