Registration Restrictions (Updates only):

**Registrar's Office Use Only - Registration Restrictions:**

- Field(s) of Study:**
- Class(es):**
- Level(s):**
- Degree(s):**
- School(s):**

**Catalog Description:** Lectures and hands-on field experiences examining beekeeping as a tool for sustainable development. Also, they will examine the social impact and implications of beekeeping around the world, and explore its current place in the modern socio-economic structure.

**Justification:** ~~This course fills the need of a truly hands-on course for our majors, minors and other students from any field to understand the role of bees in ecosystem services as pollinators and food production.~~

**Does this course cover material which crosses into another department?**  Yes  No
