Description:

Topic depends on instructor's specialty. ~~Notes: May be repeated only with permission of department chair.~~

Justification:

Making the course repeatable within term, increasing max allowable to nine. Removing the requirement for chair permission to register. The course is being offered with quite a few different titles, we would like students to be able to register for more than one per term and to apply nine credits to their degrees.

Does this course cover material which crosses into another department? No
