**Green Leaf Course Designation**

---

**The proposed course is requesting (choose one):**

Sustainability-related designation

**Below, include a brief statement regarding how this course meets either the “sustainability focused” or “sustainably related” criteria.**

**Sustainability-related courses help build knowledge about a component of sustainability or introduce students to sustainability concepts during part of the course. They may complement sustainability-focused courses by providing students with in-depth knowledge of a particular aspect or dimension of sustainability (such as the natural environment) or by providing a focus area (such as renewable energy) for a student’s sustainability studies, or they may broaden students’ understanding of sustainability from within different disciplines.**
