Field(s) of Study:

Class(es):

Level(s):

Degree(s):

School(s):

Catalog

Description:

An examination of the principles of ecology, evolution, and the impact of humans on the world around them. Topics will include evolutionary history, biological diversity, and analyzes of interactions among organisms and between organisms and their environment.

Justification:

EVPP 110 is now EVPP108 and EVPP109

**Does this course cover material which
crosses into another department?** No
