Non-Degree Undergraduate Degree students may not enroll. (SCRRDEG_NO_NDU)

School(s):**Catalog****Description:**

Environmental, economic, and social factors of differentiation of regional structure and distribution of resources in North African and Middle Eastern countries.

Justification:

What: Create equivalency to GGS 325

Why: This equivalency allows students in the BAM program to take the graduate version for undergraduate credit in a way that lowers the logistical burden of counting the course for both degrees. This course is consistently crosslisted with the undergraduate version, and by taking this graduate version, students will complete the UG version plus work individualized to the graduate version.

Does this course cover material which crosses into another department? No
