Registration Restrictions (Updates only):

Registrar's Office Use Only - Registration Restrictions:

Field(s) of Study:

Class(es):

Level(s):

Degree(s):

School(s):

Catalog

Description:

Classification, evolutionary trends, and distribution of common invertebrate fossils. Notes: May include field trips.

Justification:

Updating prerequisite course numbers as they have recently changed: BIOL 104 to BIOL 102; and BIOL 310 to BIOL 300. Removed BIOL 304 (Plant Biology) as it was not deemed necessary preparation for this course.

Does this course cover material which crosses into another department? No
